Financial Inclusion for People with Disabilities

For too long, people with disabilities could not save for the future

Millions of Americans with disabilities depend on a wide variety of public benefits for income, health care, food, and housing. Many of these programs come with asset limits that restrict the ability to save and invest.

ABLE accounts offer more possibilities

The federal Achieving a Better Life Experience (ABLE) Act authorized states to establish ABLE savings programs. Take the quiz at **ABLEnow.com/eligibility** to learn if you or someone you know is eligible for an ABLE account.

Save while maintaining eligibility for certain benefits, such as Medicaid and Supplemental Security Income (SSI).

Pay for a variety of qualified disability expenses related to maintaining health, independence and quality of life.

Leverage tax advantages to help make the most of your money.

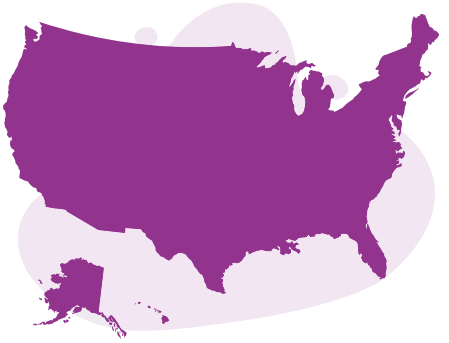

Receive fee-free gifts from friends and family with Ugift.
