7. Systematic Exchange Program (SEP)

A Systematic Exchange Program is a method of automatically moving money from one Investment Option to one or more Investment Options on a scheduled basis. If you want to establish a Systematic Exchange Program at the time of enrollment and not have it count toward the twice-per-calendar-year limit on changing Investment Options, you must complete this **Account Financial Features Form** and mail it together with the **Enrollment Form** to ABLEnow. Establishing a Systematic Exchange Program counts as an investment change if you do not establish it either at the time of enrollment or when making a contribution to the Account. See the Program Description for more information about the Systematic Exchange Program.

- When establishing a SEP there must be a minimum of $500 in the Investment Option you wish to exchange from.
- You must designate a minimum of $50 for each monthly or quarterly scheduled exchange.
- Establishing a SEP with a new contribution into the Account will not count towards the twice-per-calendar-year limit on changing Investment Options.
- To establish a new SEP with a new contribution check, you must include the check with this form and mail both together to ABLEnow. Proceeds from the check will be contributed to the Investment Option that you name below in the "Exchange From Investment Option" field under "Add New SEP Instructions" below.
- If a new SEP is established using assets already in the Account, it will count as one of the two exchanges (changes in investment options) permitted each calendar year.
- Stopping an existing SEP will not count toward the twice-per-calendar-year limit on changing Investment Options.
- You cannot select the Checking Account as an "Exchange from Investment Option."
- Exchanges between Investment Options will be initiated on the same day the exchange is received in good order and prior to the close of the NYSE (New York Stock Exchange), and will be completed on the next business day the NYSE is open. Exchanges to the Checking Account will require two business days to be completed. Once an exchange is completed, the assets are available for withdrawal.
- If there are multiple SEPs for the Account and you want to stop one or more of them, you must complete and submit a separate **Account Financial Features Form** for each SEP.
- If there are multiple SEPs for the Account and you want to stop all of them, check the appropriate box below.

A. Establish new SEP with assets already in the Account. Establishing a new SEP using assets that are already in the Account will count as one of the two changes to the Investment Options permitted each calendar year.
